

Directions: To Nabb Research Center, Salisbury University,
[*Guerreri Academic Commons,*
south of intersection of Rt 13/Salisbury Blvd and College Ave.]

Nabb Center and Academic Commons open at 10am on Saturday.

*Note: Your directions will need to be modified, depending on your origin.
These directions are from 300 S. Salisbury Blvd., 21801.*

As you head south on US-13 S. Salisbury Blvd, from 300 S. Salisbury Blvd., go about one mile and soon after you will see the buildings of Salisbury University on the right as you drive on US 13. After you pass the impressive Conway Building on the right at the intersection of College Avenue and US13, the next building is the college's newest building, the Guerreri Academic Commons, which not only contains the Nabb Research Center on the 4th floor, but the college library. The Commons cannot be missed, with its four stories and a bell tower!

After the intersection at College Avenue and US 13, turn right at the first entrance into the Conway/Commons parking lot, after which you will have at least *two left-turn* choices for parking lanes which go toward the Academic Commons. [If you miss the first right turn off the highway, you will have another *right turn* choice further down 13--which also turns into the Commons parking area, but with *right turns* for the parking lanes.]

We were advised that on Saturday there is no ticketing, so the parking is not restricted, except for designated police or service slots.

After 10am (on Saturday) you will be able to enter the Academic Commons; use the main door on the front of the building (adjoining the referenced parking area.) After entering, walk a few steps further in the Commons/library, turn right and continue to the elevators on the right. Go to the 4th floor and after you leave the elevator, **turn left** and you will see the Nabb Center sign straight ahead of the far side of the 4th floor.
(You are in for a treat... hsc)
